

POOJA A

Internship

Program Analyst Trainee at

Cognizant Technology Solutions

I completed my internship at Cognizant, where I was trained in the .NET domain, focusing on C# and SQL. I gained expertise in LINQ, OOP, ADO.NET along with web UI development. This knowledge equips me to build and develop robust applications. My training has provided a strong foundation for my career in software development.

Certification

- **SQL (ADVANCE)**

HackerRANK

- **C #**

HackerRANK

- **ICSSR seminar paper presentation (Development of a learning app using virtual reality)**

RajaLakshmi Institute of Technology

- **Paper Presentation (VR as Therapy in Autism)**

Loyal Institute of Technology

Courses

- **Fundamentals Of Artificial Intelligence**

NPTEL certification

- **Virtual Reality / Augmented Reality Development**

TechXR Innovations

Projects

- **CREATING A COIN COLLECTING GAME**

Developing a coin collecting game utilizing Unity software with C#

- **APPLICATION DEVELOPMENT ON AUGMENTED REALITY**

This application focuses on 3D model design of human organ for the educational purposes with overlaying the scene in the device's camera lens with virtual content

- **APPLICATION DEVELOPMENT ON VIRTUAL REALITY**

Crafting captivating museum tours, seamlessly merging technology and art to deliver immersive and educational experience

- **CREATING AN IMMERSIVE AUGMENTED REALITY GAMING EXPERIENCE**

Crafting Unity3D-powered Augmented Reality Games with intuitive UI controls, offering kids an immersive gaming experience

- **CRAFTING INTUITIVE MOBILE APP UI EXPERIENCE WITH FIGMA**

Designing user-friendly food delivery mobile app UI with Figma for effortless navigation

Education

- **Bachelor of Engineering**

(Bio Medical Engineering) [2019 - 2023]

Saveetha Engineering College

- 8.39 CGPA
